

NATIONS OF WORLD GREET PRESIDENT

All Are Represented at White House Reception.

DOORS ARE OPEN TO HIGH AND LOW

Taft Shakes Hands of 5,625 Persons—Brilliant Scene When Diplomats, in Their Gay Uniforms, Are Received—Public Waits in Rain for Hours.

Washington, January 2.—The New Year's reception at the White House, when the doors of the historic mansion were thrown open to the humblest citizen who may care to pay his respects to the Chief Magistrate of the nation, was held to-day under weather conditions that tended materially to cut down the number that usually passes the receiving line in the Blue Room. The President began shaking hands at 11:06 A. M. and concluded at 1:15 P. M. He received 5,625 persons.

It was the second New Year's reception of the present administration. Mr. Taft, who has gained much in strength during the past year, stood with the President at the head of the line during practically the entire time the reception was in progress.

Roosevelt Present. The presence of three members of the Roosevelt family in the Blue Room attracted unusual attention. Mrs. Nicholas Longworth came early with her husband and brought with her Miss Ethel Roosevelt and a young girl, and all remained until the last of the citizens had been received.

Another family group that attracted much attention was composed of the President's three brothers, Henry (W. Taft), of New York; Charles D. Taft, of Cincinnati; and Horace D. Taft, of Watertown, Conn.

The White House was made attractive by a wealth of floral decorations and Christmas greens. The Marine Band, in full dress uniform, was drawn up in two sections in the main corridor, and throughout the receiving hours the music was continuous.

The foreign ambassadors and ministers and members of their families and suites were, as usual, given precedence. Many already in the White House in the state dining room, when four flourishes of bugles announced the descent of the presidential party from the apartments of the White House.

They descended through the Red and Blue Rooms to the East Room, which was a most brilliant one, practically every civilized nation was represented. Ambassador Bryce, of Great Britain, who returned via Europe only yesterday from a trip through South America, had a little impromptu reception of his own in the East Room after paying his respects to the presidential party.

The Chinese minister's family, in rich Oriental robes, formed an attractive group.

Following the diplomatic corps came the Supreme Court justices, the line headed by the new Chief Justice, Mr. White. Senators and Representatives followed the judiciary. The congressional contingent was not a large one, however, for most of the national legislators are out of the city.

Speaker Cannon, in a flowing frock coat, a wide cut collar and black string tie, was a centre of interest as usual. Champ Clark, who is slated to succeed Mr. Cannon as Speaker, was late in reaching the White House. He was escorted by his military and naval officers, who were paying their respects and then fell into line. He received a most cordial greeting from the President.

Representative Payne, of New York, the Republican floor leader of the House, also was late, and when he took his place in line it was in company with two of the most conspicuous of the Insurgents. He was flanked on one side by Senator Bristow, of Kansas, and on the other by Representative Hayes, of California. Representative Henry (Pecos), a Democrat, joined the trio to preserve peace, he declared.

Miles Heads Army Officers. As for many years past, General Nelson A. Miles, retired, headed the long line of army officers, who called in full dress uniform. With him walked General Leonard Wood, chief of staff of the army. All of the officers stationed in or about Washington were present.

Admiral Dewey was at the head of the naval contingent. He was followed by Admirals Walnwright and Fox.

Captain Robert E. Peary was in line with his fellow naval officers. The President chatted with him a moment or two as they shook hands.

Following the army, the navy and the marine corps delegations, the President received various departmental officials, and then the doors were thrown open for the reception of the general public. Many men and women had been waiting in the rain for two or three hours. The set features of the reception were hurried as much as possible in order that the public might be admitted well ahead of the time set.

Troubles of Railroads Do Not Come From Without.

RATE INCREASE IS NO SOLUTION

Attorney Brandeis Combats Request for Higher Traffic Charges and Again Points Way in Which Roads May Save Million Dollars a Day.

Washington, D. C., January 2.—Higher standards of efficiency, not increased freight charges, are the paramount needs to-day of American railroads.

This proposition is the essence of the brief filed to-day with the Interstate Commerce Commission by Louis D. Brandeis, of Boston, counsel for the traffic committee of commercial organizations of the Atlantic Seaboard in the investigation by the commission of the proposed advances in freight rates by carriers in official classification territory—that part of the country east of the Mississippi and north of the Ohio and Potomac Rivers.

On the return trip the mixed train collided with these cars. The men killed were riding upon the pilot of the locomotive.
